## Online Skylight Gallery Exhibition

### Feature Artist: Arwynn Davey - Wishes, Wings and Whimsical Things

For the month of March, Aurora's Online Skylight Gallery is featuring works by artist Arwynn Davey. "Wishes, Wings and Whimsical Things" is a collection of joyful, detailed paintings of simple motifs such as dandelion wishes, sweet birds and wildlife. These artworks were inspired by the artist's son and each piece strives to capture the feelings of optimism, hope, whimsy and pure joy of childhood. This uplifting collection is painted on birch wood panels with rich, layered colours and fine details. The pieces are finished with a high gloss resin to saturate the colours. Arwynn Davey is an established graphic designer pursuing her other true love – painting. Her artistic passion focuses on nature and moments of beauty, tranquility and peace, reacting to the strong need for these moments in life. In her work a moment of absolute peace and calm is captured, whether it is fluff caught in the wind or a perfect sunrise.

All work is for sale, please contact Andrea Araujo at [aaaraju@aurora.ca](mailto:aaaraju@aurora.ca) if you are interested in purchasing a piece. View this online gallery at [aurora.ca/skylightgallery](http://aurora.ca/skylightgallery).

### Learn more about LDD

The lifecycle of the Lymantria dispar (LDD) caterpillar has four stages. Currently they are in the egg mass stage and come spring the egg masses will hatch and caterpillars will start to feed on the tree's foliage. To prevent damage to your trees you can scrape off the egg masses with a knife and drop them into a bucket filled with soapy water for up to two days. Always wear gloves when removing the egg masses or caterpillars as they may cause skin irritation or a rash.

Learn more about their life cycle and what you can do to stop the spread at [aurora.ca/ldd](http://aurora.ca/ldd).
