Online Skylight Gallery Exhibition

Feature Artist: Ramona Ricken - Urban Beauty in the GTA

For the month of February, Aurora's Online Skylight Gallery is featuring works by artist Ramona Ricken. She takes you on an unique journey, from the urban streetcar scenes to the tranquil gardens and landscapes, all inspired by scenes within the GTA. When keeping one's eyes open, you can find beauty right in your own backyard. Which is a welcome respite from our hectic lifestyles and current world affairs. Through the use of acrylic paints in a variety of application methods, Ramona's work is meant to stir a sense of wonder and is intended to relate a story through the perception of the onlooker's viewpoint. Colourful art can provoke unique thoughts and can invigorate your imagination while simultaneously beautifying your home.

All work is for sale, please contact Andrea Araujo at aaaraujo@aurora.ca if you are interested in purchasing a piece. View this online gallery at aurora.ca/skylightgallery.

How to stop the spread of LDD

To minimize the effects of Lymantria dispar dispar (LDD) for 2022, Town staff will be burning and scraping egg masses off tree trunks in areas identified with significant egg masses. This will reduce the number of eggs that will hatch in the spring. Residents are asked not to burn egg masses on their own trees as it is dangerous and could damage the tree, this task should only be undertaken by trained forestry professionals.

To help combat the spread of LDD, residents are encouraged to scrape the egg masses off their trees and place them in a bucket of soapy water for a few days. Always wear gloves when removing the egg masses or caterpillars as they may cause skin irritation or a rash. For more on the lifecycle of the LDD and what you can do to stop the spread visit aurora.ca/ldd.
