Online Skylight Gallery Exhibition

Feature Artist: Zorica Miric - Colours and Shapes

For the month of January, Aurora's Online Skylight Gallery is featuring works by artist Zorica Miric. She explores how shapes and colours dance across a canvas while simultaneously experimenting with how acrylic medium functions. Visions of fantasy and daydreams are translated onto her canvas to create abstract reflections of reality. The artist wishes not to tell a complete story with her paintings, but instead urges the viewer to interpret and finish the story themselves. All work is for sale, please contact Andrea Araujo at aaaraujo@aurora.ca if you are interested in purchasing a piece.
