## Online Skylight Gallery Exhibition

### Feature Artist: Jaqueline Edwards - Fur, Feather and Fin: A Celebration of Nature

For the month of June, Aurora's Online Skylight Gallery is featuring works by Jaqueline Edwards. A local artist and member of several art societies who finds great inspiration in the natural world, and in particular wildlife. In her exhibition, "Fur, Feather and Fin: A Celebration of Nature", viewers can expect beautiful imagery of local wildlife and animals from around the world featuring some floral themes. Her paintings generally reflect realism, but she also enjoys exploring texture and combining abstract elements with a realistic focal.

All work is for sale, please contact Andrea Araujo at [aaaraju@aurora.ca](mailto:aaaraju@aurora.ca) if you are interested in purchasing a piece. View this online gallery at [aurora.ca/skylightgallery](http://aurora.ca/skylightgallery).

## Spongy Moth

Spongy Moth caterpillars will look for shady spots during the day to hide. Check under patio furniture, decks and under the burlap to spot them. In late afternoon/early evening, you can then pick or scrap the caterpillars off and drop them into a bucket of soapy water for 2 to 3 days to help control the numbers.

The caterpillars are not a poisonous insect, but it's recommended to wear gloves when removing the caterpillars as they may cause skin irritation or a rash. For more information on how you can protect your trees visit [aurora.ca/spongymoth](http://aurora.ca/spongymoth).
