TOWN OF AURORA
FINANCE ADVISORY COMMITTEE No. CFS16-025

SUBJECT: Budget Allocation 2017 – Cultural Partners

FROM: Dan Elliott, Director, Financial Services - Treasurer

DATE: July 28, 2016

RECOMMENDATIONS

THAT Report No. CFS16-025 be received; and

THAT the Finance Advisory Committee make the following recommendations to Council, for 2017 draft budget funding allocations, regarding the Aurora Historical Society, the Aurora Cultural Centre and Aurora Public Library Boards:

(Committee to provide direction)

PURPOSE OF THE REPORT

To provide background and additional information to Committee to assist in its deliberations and development of recommendations for Council regarding 2017 budget funding for the Town’s cultural partners

BACKGROUND

At its meeting of July 12, 2016, Council considered Report No. CFS16-022 – 2017 Budget Preparation Directions. Recommendation 6) was referred to Finance Advisory Committee for further discussion and clarification.

6) THAT after accommodation of the budget underfunding, the Library Board, the Cultural Centre Board, and the Historical Society will each receive a designated budget funding amount for their respective budget development work.

The budget directions report is an important procedural document in the budget development process. It allows Council to set clear budget targets and parameters for administrative staff to follow in preparing a budget which will ultimately be found to be acceptable for approval by Council. It is important that all Town Department Heads, and cultural partners who rely on funding from the tax levy or other Town sources to understand the clear budget directions of Council. Each are then expected to deliver a budget meeting the direction.
Council has full authority to establish annual funding amounts for the Town administration, the Aurora Historical Society, the Aurora Cultural Centre Board (as per the Cultural Services Agreement), and the Aurora Public Library Board. Council does not really have direct authority for any of these three partners as to how, where, or for what specific purposes the funds are spent, however, Council remains accountable to the taxpayer for ensuring value for dollar is achieved and appropriate services are delivered from these funds.

The following table provides the recent history of funding provided to each of the cultural partners:

The upcoming annual operating budget contains all revenues and expenses of the prior year plus the following items:

1. Some budget rightsizing adjustments to correct historically underfunded budget items such as street lighting electricity, facilities operational costs, and parks operations;
2. Growth in taxation revenue from new residents and businesses whose properties were not assessed for tax last year;
3. Inflationary revenue allowances as directed by Council, which will be established with reference to the Toronto CPI as reported by Stats Canada for the period July 2015 to June 30, 2016 – both for tax and non-tax revenues;
4. Additional growth related expenses required to service the new residents and businesses (blue box, snow clearing, road maintenance, street lighting, parks maintenance, underground infrastructure, corporate administrative expenses etc.);
5. Additional expenses due to inflationary pressures on all costs of the organization and its activities, and services.

In approving the other recommendations of Report No. CFS16-022, Council has set the targets for the final budget summarized as an overall tax rate increase of “Inflation plus 1% for Infrastructure”. Other cost pressures of the Town which must be addressed has the effect that not all departments or partners will receive a funding increase equal to inflation. Administratively, new funding arising from the budget directions of Council will be allocated by department and partner based on a set of reasonable assumptions. The resulting allocations of new funding available for each portion of the town’s operational budget will ensure Town services remain consistent.

Based on allocation methodologies planned on being used for 2017, the cultural partners would have been given funding envelopes as follows:

<table>
<thead>
<tr>
<th></th>
<th>2016 Funding</th>
<th>2017 Staff Suggestion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Historical Society</td>
<td>$70,500</td>

<td>$405,600</td>
</tr>
<tr>
<td>Library Board</td>
<td>$3,659,000</td>
<td>$3,767,600</td>
</tr>
</tbody>
</table>

The staff recommended allocations incorporate a component of inflation and growth related revenue. The staff suggested increase to funding for each of its cultural partners is 2.97% over the 2016 Town funding amount. In calculating these amounts an inflation rate of 2.1% and a growth rate of approximately 4.1% was assumed. The Finance Advisory Committee is to provide a recommended funding amount for each partner. These change percentages do not necessarily need to be the same for each partner.
ALTERNATIVE(S) TO THE RECOMMENDATIONS

1. None: This matter was referred to Finance Advisory Committee for further discussion, and to provide advice to Council regarding the funding of the Town's cultural services partners.

FINANCIAL IMPLICATIONS

Providing funding to the cultural partners in amounts higher than the staff suggestion will result in a partner receiving a higher proportion of funding increase than will be available to the remaining town departments and other commitments for the 2017 operation budget. Any expected Increases in service levels beyond accommodating growth, such as new initiatives or programs, should have separate funding sources identified, which may include an additional tax rate increase beyond the “Inflation plus 1% for Infrastructure” target established by Council.

CONCLUSIONS

This report has been prepared in order to provide the Finance Advisory Committee and Council with background information to assist in setting the 2017 funding allocations for each cultural partner.
