Executive Summary

To cancel the Speed Cushion Installation Pilot Project on Mavrinac Boulevard, McMaster Avenue and Kennedy Street West and retender the project in the winter of 2017.

Council directed staff to implement the Speed Cushion Installation Pilot Project in various locations in the Town.

- Council approved a budget of $100,000 for the installation of the Speed Cushion Pilot Project.

- Tendering is occurring during the summer where there is limited competition, and when pricing tends to be higher based on past experience.

- There is value in deferring award and retendering this project in early 2017 when past experiences have demonstrated better pricing can be achieved.
Background

Council, at its meeting of July 12, 2016, considered Report No. IES16-062 – Speed Cushion Pilot Project – Funding Request – and adopted the following recommendations:

That Report No. IES16-062 be received; and

That staff be directed to establish Capital Project No. 31154 with the maximum budget of $100,000 for the construction of speed cushions on Kennedy Street West (Murray Drive to McGee Crescent/Corner Ridge Road), McMaster Avenue (Hollidge Boulevard to Hollandview Trail), and Mavrinac Boulevard (Borealis Avenue to Spring Farm Road), to be funded from the Roads & Related Development Charges Reserve Fund.

Analysis

Council directed staff to install speed cushions as a pilot project in various locations in the Town

At its meeting of May 24, 2016, Council directed staff to implement speed cushions as a pilot project on the following streets:

- Kennedy Street West from Murray Drive to McGee Crescent/Corner Ridge Road
- McMaster Avenue from Hollidge Boulevard to Hollandview Trail
- Mavrinac Boulevard from Borealis Avenue to Spring Farm Road

Staff issued Tender Document No. IES 2016-82 for the installation of the speed cushions

A total of thirteen (13) firms picked up the tender documents, and on August 16, 2016 the Tender Opening Committee received two (2) compliant bids. The lowest compliant bidder was Edgeway Paving Ltd. as summarized in Table 1.

<td>2  Hilton Construction Corporation</td>
<td>$180,000.00</td>

</tbody>
</table>

Verification of the tenders was undertaken by Town staff. Edgeway Paving Ltd. has successfully completed similar projects and received good performance reviews from contacted references.
It is recommended that this tender be cancelled and retendered in early 2017 to achieve better pricing

Tendering construction projects during the summer months generally results in lower interest and higher pricing due to the fact that the industry has secured the bulk of its annual work by this time of the year. Any submissions are generally provided at a premium wherein a successful bidder will accommodate additional work at a premium rate. This trend has been observed in other roads-related projects that have been tendered late in the year with much more favourable costing occurring when retendering occurs in the early spring.

For this reason, staff has recommended that this contract not be awarded at this time and be retendered in early 2017.

Communications Considerations

Should this project be deferred for retendering in early 2017, the residents within the areas affected will be notified of the delay in construction.

Once the project is retendered in the spring, notices for construction activity will be provided to the areas where the construction activity will be occurring to allow local residents to adjust their travel patterns accordingly.

Link to Strategic Plan

Objective 2: Invest in sustainable infrastructure

Maintain and expand infrastructure to support forecasted population growth through technology.

Alternative(s) to the Recommendation

1. Option 1: Should Council choose to proceed with this project at this time, the following recommendation would be required to be approved:

   1. That Tender IES 2016-82, Capital Project No. 31154 for the Speed Cushion Installation Pilot Project be awarded to Edgeway Paving Ltd. in the amount of $126,300.00 excluding taxes; and

   2. That additional funding in the amount of $42,000 be provided for the Capital Project No. 31154, Speed Cushion Installation Pilot Project; and

   3. That the Mayor and Town Clerk be authorized to execute the necessary agreement, including any and all documents and ancillary agreements required to give effect to same.

Conclusions

The tender review has complied with the Procurement By-law requirements and it is recommended that Tender IES 2016-82 for the Speed Cushion Installation Pilot Project be cancelled and that the project be retendered in early 2017.

Re: Portable Fully Accessible Washroom Trailer

Whereas, the Town of Aurora host many events, including celebration and festivals that bring in residents and visitors by the thousands; and

Whereas, there are other local community events that do the same; and

Whereas, we are an inclusive community, with a statutory Accessibility Advisory Committee, and a proud community that adopted the Provincial Accessibility for Ontarians with Disabilities Act (AODA), that sets guidelines to eliminate barriers for those with physical challenges; and

Whereas there is a group of volunteers that are creating awareness for the need to fund a portable fully accessible washroom trailer, complete with lifts and change tables, to address every accessible challenge; and

Whereas the idea of this portable fully accessible washroom trailer was received and endorsed by the York Region Festival Alliance as an excellent addition for washroom provisions to the dozens of festivals held each year; and

Whereas the Mayor of the Town of Whitchurch-Stouffville, Mayor Justin Altmann, recently encouraged his invited wedding guests (which was the whole Town), and pledged all his wedding gifts received in cash to the sum of $50,000, to fund the $100,000 cost of the trailer; and

Whereas, Town of Whitchurch-Stouffville will store the trailer when it is not in use, transport the trailer at a nominal cost to festivals and events in the Region, and provide liability insurance; and
