THAT Council receive the following recommendation from Monteith-Brown (consultant for the Parks and Recreation Master Plan review):

Recommendation #39:
"Should the Town of Aurora decide to retain Mavrinac Boulevard Land Block 208 as parkland, it does so on the basis that if developed as active parkland this will result in a higher level of service being provided relative to most other neighbourhoods in Aurora and in a manner that is unlikely to service the most pressing recreational needs of the Town as a whole. If retained as passive open space to minimize conflicts on adjacent and nearby residential dwellings, the park could complement municipal naturalization goals and/or facilitate a modest degree of passive usage. Should the Town consider disposal of Block 208, it is recommended that a parcel of land better suited to accommodating active/intensive recreational use be obtained (using the proceeds of this chosen course of action), including consideration of a land swap agreement or purchase of a parcel of land."; and

THAT Council accept the staff recommendation that Block 208 not proceed as fully developed parkland at this time; and
