Memorandum

From: Councillor Wendy Gaertner

Re: Lake Simcoe Region Conservation Authority
Board Meeting Highlights of May 24, 2019

Recommendation

That Council:

☑ Receive the correspondence for information

☐ Endorse the recommendations

☐ Provide direction
ANNOUNCEMENTS:

a) Manager, Education, Nicole Hamley was pleased to share with Board members two videos highlighting secondary students visiting LSRCA’s Scanlon Creek Conservation Area. The videos speak to the wonderful partnership LSRCA has with the watershed school boards and how LSRCA is working to support secondary level kids and youth engagement:

i. A group of students from King City Secondary School visited twice in April 2019 - Day 1 was Map, Compass and GPS course, one of the courses for certification for Specialist High Skills Major (SHSM) students, and they returned on Day 2 for a nature photography workshop, as well as the new Climate Escape program, an outdoor program modelled after popular escape rooms. Please click this link to view the video: [King City SS Students at Scanlon Creek Conservation Area](#)

ii. A group of SHSM students enrolled in the Health & Wellness sector from three York Region secondary schools visited in March 2019 to take part in an Innovation, Creativity and Entrepreneurship (ICE) training course, where they tackled the question, "How might we increase children and youth health and wellness through access and opportunities for active experiences in nature and the outdoors? To view this video, please click this link: [SHSM Students from York Region](#)

b) CAO Walters was very pleased to advise that the Lake Simcoe Conservation Foundation held its AGM on May 24th, and Debbie Conzelmann was once again named President, Marvin Geist was named Vice President, and Debbie Beatty was named Secretary/Treasurer.

PRESENTATIONS:

a) **LSRCA’s Freshwater Roundtable**

Manager, Watershed Plans and Strategies, Bill Thompson, provided the Board with an overview of the Freshwater Roundtable - Engaging New Partners in Salt Reduction, noting that chloride concentrations have been increasing in Lake Simcoe, resulting in significant changes to our freshwater resources. LSRCA’s Strategic Plan identified implementing a salt reduction strategy to halt the trend of increasing chloride concentrations in watershed tributaries.
A salt reduction strategy was completed in 2017, which identified the following eight objectives:

1. Support road management authorities in their pursuit of reductions in winter salt use;
2. Integrate salt management considerations in stormwater management planning;
3. Promote improved winter salt management practices in the private sector;
4. Lead by example in property management;
5. Promote commercial site design that includes consideration of winter maintenance practices;
6. Gain a greater understanding of liability management;
7. Increase awareness of the environmental impacts of winter salt;
8. Continue to conduct and support research and development.

Promoting improved winter salt management practices within the private sector was seen as a very important objective, as this sector does not have the same checks and balances on salt use that exist in the public sector, and an estimated 18% of salt used in the watershed is applied to commercial sector parking lots. LSRCA commissioned a consultant to interview senior managers at REITs and retail companies to better understand the motivations and barriers to adoption of best practices, and universally, the response from the property owners was that environmental reputation is an important part of their corporate brand, they recognize the paramount importance of protecting fresh water, and they are willing to consider alternative winter maintenance practices, if it doesn’t increase their liability.

Participants were then invited to join a Freshwater Roundtable to collectively understand and promote the adoption of winter maintenance best practices in the commercial parking lot sector. The response was extremely positive, and the Roundtable includes staff from Federal, Provincial, municipal, and First Nations governments, commercial property owners, winter maintenance contractors, and the environmental community. The Roundtable is scheduled to meet approximately three times per year and is chaired by LSRCA and supported by staff. With support from the Roundtable members, LSRCA drafted a discussion paper. The discussion paper will be made available once endorsed by Roundtable members. (a) Mayor Mrakas

Re: Response to Regional Governance Review

Whereas the Government of Ontario has announced a review of Ontario’s eight regional municipalities (Durham, Halton, Muskoka District, Niagara, Oxford County, Peel, Waterloo, York), the County of Simcoe and their lower-tier municipalities by appointed Special Advisors; and

Whereas the provincially appointed Special Advisors are to provide advice and develop recommendations for the Minister of Municipal Affairs and Housing for the purpose of improving governance, decision-making and service delivery in the eight regions and Simcoe County and their lower-tier municipalities; and

Whereas the Association of Municipalities of Ontario (AMO) informed its members last August, that the Minister of Municipal Affairs and Housing began informal discussions on regional governance review, wishing to hear from municipalities about how this system of governance is working recognizing it was established in the 1970s; and

Whereas the provincially appointed Special Advisors have included within the scope of their review, consideration of moving to single-tier municipalities or amalgamating existing municipalities; and

Whereas the Town of Aurora welcomes all opportunities to improve both Regional and local municipal service delivery and achieve greater efficiencies and cost savings for all Aurora and York taxpayers and rate payers; and

Whereas York Region’s municipal structure provides for Regional services throughout all local York municipalities, resulting in cost-effective, quality services that respond to the needs of the local municipalities and citizens, such as Children’s and Court Services, Housing, Long Term Care, Paramedic and Police Services, Public Health, Social Assistance, Public Transit, Water and Waste Treatment, to name a few; and

Whereas the province requested feedback on the regional review through an online survey or written submission; and
Whereas the Town of Aurora has demonstrated its fiscal responsibility by embracing shared service arrangements like Central York Fire Services and also by reducing its Council size from nine (9) members to seven (7) before the 2018 Municipal Election;

1. Now Therefore Be It Hereby Resolved That it is recognized and factual that York Region was formed, effective January 1, 1971, at which time resulted in the consolidation of fourteen (14) former municipalities (previously under ‘York County’) into nine (9) new municipalities; and

2. Be It Further Resolved That the Council of the Town of Aurora endorses the effectiveness of the current two-tier municipal governance structure, with continued exploration and implementation of furthering efficiencies and partnerships, as has existed between York Region and our partner York local municipalities, since its inception in 1971; and

3. Be It Further Resolved That the Town of Aurora and its actively engaged citizens value the distinct identity of their community of communities and are committed to being proud hosts and stewards of the Oak Ridges Moraine, Greenbelt, Lake Simcoe and the Holland Marsh; and

4. Be It Further Resolved That this motion be forwarded to all municipalities of York Region, the Premier of Ontario, the Minister of Municipal Affairs and Housing, all local MPP's and the Association of Municipalities of Ontario.

(b) Councillor Kim
Re: Aurora Food & Culture Festival

Whereas the Town of Aurora has had three successful Multicultural Festivals (MF) and attendance growing with each new year; and

Whereas the number of activities and offerings have increased with each new year; and

Whereas it is critical that we welcome and engage new residents and share with them the rich culture and history of Aurora, along with its spirit of volunteerism in which Aurora was built; and
Whereas Newmarket has discontinued its Multicultural Festival and Richmond Hill has discontinued Taste of the Hill thereby offering a great opportunity for Aurora to fill in the multicultural festival gap in the Region; and

Whereas supporting food, culture, and diversity in itself supports Aurora’s Strategic Plan objectives of “Supporting an exceptional quality of life for all,” which in turn attracts people and businesses; and

1. Now Therefore Be It Hereby Resolved That the application from Sports Horizons Inc. for the Aurora Food & Culture Festival be approved, in accordance with the Third Party Events in Outdoor Town Facilities Policy; and

2. Be It Further Resolved That the Aurora Food & Culture Festival be declared as an “event of Town significance”, in accordance with the Municipal Alcohol Policy.
