TARGET START DATE AND END DATE: Use format Q4 2017 - Q1 2018

Project conditionally approved pending a further report to Council as per Budget Committee on February 19, 2019

PROJECT DESCRIPTION:

Provide a brief overview of the project and include the key goals, objectives and performance measures.

In 2017, the Parks Division assumed the role of managing the Fleet Division of the Operational Services Department. Since assumption it has provided the opportunity to take a good look at the Fleet Division operation. It has been identified that Fleet is very reactionary versus proactive in its approach to business, the objective is to be as proactive as possible.

Numerous areas have been identified that require attention: Staffing, Supervision and Skill levels, Actual Maintenance Needs versus Actual Available Resources, Life Cycle of Equipment and Vehicles, Capital and Operating Budget Forecasts/Requirements, Fleet Storage and Protection, Mechanic Bays and Equipment, Fleet Management Review.

PROJECT JUSTIFICATION/CAPITAL SERVICE LEVEL IMPACT:

Provide the reasons the project should be approved and what will be the impact of the project to service levels.

A detailed review of fleet is required by the Town as it is a multi-million dollar asset that is integral to providing the service required within the Town. A thorough review will allow us to get the division under control financially and administratively. The majority of the problems are complex thus requiring a detailed analysis to work towards sustainable solutions which will have an impact financially in both the short and long term. A fleet management review was last undertaken in 2005 with the objective of establishing an appropriate fleet management strategies and procedures by minimizing life cycle vehicle and equipment costs, ensuring fiscal performance, improving customer satisfaction, greening the fleet where appropriate and optimizing scheduled fleet replacement. Unfortunately the recommendations from this study were never brought forward for implementation. An external review would be a benefit to the division and assist Fleet with integral decision making.

PROJECT BENEFITS:

Explain the benefits of the project which could include Citizen/Client, compliance, financial, internal, learning & growth or utility benefits.

Undertaking this study will provide the department with sustainable solutions, accurate financial accounting/forecasting/financing, efficiencies in departmental operations, improved asset management and improved customer service and support for operational staff utilizing fleet to perform their duties.

IMPACT TO THE ORGANIZATION IF THE PROJECT WAS NOT APPROVED:

Please provide an explanation of what the outcomes would be if the project was not approved.

Continued inefficiencies and large expenditures on depreciated assets.

Memorandum

Date: April 16, 2019

To: Mayor and Members of Council

From: Anthony Ierullo, Manager of Policy Planning and Economic Development

Re: Business Improvement Area Business Plan and Budget

Recommendations

1. That the memorandum regarding the Business Improvement Area Business Plan and Budget be received for information.

Background

On September 18, 2018 Council enacted a by-law to designate the Improvement Area to be known as the Aurora Business Improvement Area and to establish the Aurora BIA Board of Management. The Board of Management manages the affairs of the Aurora Business Improvement Area. The directors were selected by a vote of the Members on December 3, 2018 and subsequently appointed by Council on January 15, 2019. The newly appointed BIA Board of Management has been meeting regularly to discuss a proposed business plan, which will be approved by way of a vote of its members on April 22, 2019. The BIA budget is proposed to be funded primarily through a new tax levy, which must be enacted by Council prior to April 30, 2019 to be in effect for 2019. In addition to the proposed levy, the BIA is also requesting that the Town allocate funding from the Aurora Promenade Streetscape Design & Implementation Capital Project, conditionally approved in the 2019 Capital Budget, for promotional banners in the BIA area.

The BIA Board is delegating on April 16th, 2019 to present their business plan and budget and a report will be tabled on April 23, 2019 to finalize the BIA special levy.

The mission of the Downtown Aurora BIA is to support member businesses through promotion and education, to attract new businesses that add value to the downtown core and support their integration within the community and participate in the marketing and beautification efforts for Downtown Aurora.

With so many new changes coming to Aurora, being Library Square and the remodeling of the Cultural Centre, we will see this positive change through marketing initiatives; running events to spotlight the downtown core; supporting existing businesses; building a long-range plan with the Economic Development Board to help attract new businesses that will further enrich the downtown experience; and contributing to the beautification efforts undertaken by the Town through the Streetscape Plan.

Our Vision is to lead the revitalization of Downtown Aurora as a town focal point where businesses thrive, residents live, work, and play and visitors feel welcomed.

Our objectives are marketing and education, support economic development, to engage members and to require that respect and inclusivity always be shown to BIA Members, town staff and all who engage with the BIA inclusive of volunteers

**OUR REQUEST FOR TOWN COUNCIL TO ESTABLISH A BUSINESS LEVY**

The Levy structure is being requested as we are here to advocate on behalf of the interests of the Business Improvement area. We wish to maintain and improve the downtown core area and provide a more pleasant atmosphere for local businesses and neighbouring residential area.

The BIA board of management has prepared its budget and we are seeking Council approval. The Board will be presenting its budget at its general membership meeting for approval. Once approved, we are requesting that you add a special levy to each property as listed within the Boundaries. Summarized as follows:

- Membership Fees (based on $400 average per property. 101 Properties total levy= $40,400.)
