8. Notices of Motion

(a) Councillor Gilliland  
Re: Declare Climate Emergency

Whereas at least 457 Canadian municipalities have declared a "climate emergency"—in Ontario this includes Kingston, Hamilton, Ottawa, Burlington, Halton Hills, Greater Sudbury, St. Catharines, London, Vaughan, Prince Edward County, King, and Toronto; and

Whereas all of the cities who have declared climate change a state of emergency have established a goal of reducing Greenhouse Gases (GHG) by 80 per cent by 2050, per the Paris Accord; and

Whereas there is an urgent need to have a transformative action plan to reduce GHG to limit global warming to 1.5 degrees to avoid catastrophic climate change; and

Whereas climate change is currently affecting human habitats through rising sea levels and other extreme weather patterns; such as, hurricanes, intense heatwaves, frigid temperatures, ice storms, drought and flooding; and

Whereas climate change is currently threatening the survival of many species and other natural environments worldwide, stressing local and worldwide eco systems; and

Whereas climate change has a direct result of billions of dollars in property damage worldwide, negatively affecting local and global economies; and

Whereas local governments around the world have recognized the extreme emergency that climate change embodies and have expedited their own actions, and have called on provincial and national governments to strengthen action on climate change; and
Whereas the solutions for reducing GHG provides other positive impacts on health, social inequity and economy;

1. Now Therefore Be It Hereby Resolved That the Town of Aurora officially “declare a climate emergency” for the purposes of naming and deepening our commitment to protecting our eco systems by identifying key criteria to help reduce our carbon footprint and protect our community from the impacts of climate change; and

2. Be It Further Resolved That staff be directed to prioritize the process of creating a Climate Action Plan, once the Region releases its climate action plan report, for the Town of Aurora focused on reducing emissions and adaptation at the community level; and

3. Be It Further Resolved That staff be directed to look for opportunities for economic growth, stimulation in the low-carbon economy, and cost benefits for all who consume energy; and

4. Be It Further Resolved That staff be directed to refer to other municipal and global initiatives and forums such as Global Covenant of Mayors for Climate and Energy and report to Council with more information.

(b) Mayor Mrakas

Re: Community Planning Permit

Whereas the Province, in its revisions to the Planning Act through Bill 108, has provided by means for a new development approval framework, the Community Planning Permit (CPP) by-law, which combines three existing planning approvals such as zoning, site plan, and minor variances into one application submission and approval process; and

Whereas the role of the Community Planning Permit is to prescribe development standards and criteria for an area that are in keeping with the desires and expectations of the community; and

Whereas a Community Planning Permit provides greater certainty about how an area should see change through development while limiting amendments to the CPP by-law for five years; and
Whereas a CPP by-law contains provisions that regulate the use, size, height, lot coverage, and location of buildings on properties similar to a Zoning By-law; and

Whereas Community Planning Permit is a land use planning tool available to municipalities that is meant to streamline development approvals and promote collaborative and predictable community building and implement growth objectives; and

Whereas the downtown core has been identified as a significant area in the Town through the development of the Aurora Promenade plan;

1. Now Therefore Be It Hereby Resolved That staff be directed to amend the Aurora Official Plan to identify the Promenade Area as a proposed Community Planning Permit area as part of the Official Plan Review; and

2. Be It Further Resolved That staff be directed to develop a by-law establishing a Community Planning Permit for the Promenade area for enactment and identifying the necessary resources required to implement a Community Planning Permit in a future report to Council.

9. New Business

Councillor Gaertner referred to the Aurora Electoral System Review survey on the Town’s PlaceSpeak webpage and requested clarification on the survey response options, and staff provided a response.

Councillor Thompson noted that further surveys and open sessions regarding the Aurora Electoral System Review are upcoming, and staff confirmed that the first round of public engagement includes two public meetings, which will be held on October 23 and October 28, 2019.

Mayor Mrakas noted his attendance today at the Toronto Region Board of Trade luncheon and advised that Minister of Infrastructure Laurie Scott announced the launch of an unsolicited proposals program to allow the private sector to submit innovative infrastructure proposals that will benefit the people of Ontario. Mayor Mrakas stated that he would keep Council informed.
