PROGRAM GUIDELINES

The Wood Plaque Program is part of the Aurora Heritage Advisory Committee's educational initiatives. The Plaques are intended to promote pride in the community by identifying examples of its unique historical properties. There are no legal restrictions associated with the hanging of the interpretive Wood Plaques. The plaques are the property of the Town, and may be recalled at any time, if the building loses its heritage significance.

Information typically identified on the plaque:

1. Most significant Owner of the property:

- Original Owner or most significant Owner or person associated with the building.
- More than one name could be used if they are equally significant.

2. Occupation of Owner (if known) and shall include the name of their employer, if he/she is significant to the Town's local history.

3. Name of Builder, if provided.

4. Year Built:

- Date of construction, exact *or* estimated if the exact date cannot be determined.

5. Significant Historical/Architectural Details:

- If this information is significant (for example: date relocated to current location, significant use of the building, Congregation foundation date, etc).

6. Heritage Committee - Town of Aurora
