Re: Capital Accessibility Initiatives for 2016-2022

RECOMMENDATIONS

THAT the memorandum regarding Capital Accessibility Initiatives for 2016-2022 be received; and

THAT the Accessibility Advisory Committee provide direction in prioritizing Capital Accessibility Initiatives for 2016-2022.

BACKGROUND

Since 2003, The Town of Aurora maintains an Accessibility Plan as part of the legislative requirement under the *Ontarians with Disabilities Act, 2001 (ODA)*. This Plan, which outlines the organization's strategy to prevent and remove barriers, is reviewed and updated on an annual basis.

Staff have compiled a list of all current recommended accessibility initiatives previously approved by the Aurora Accessibility Advisory Committee. Each accessibility initiative has been assigned a "Target Completion Date" for the Committee to review, prioritize and provide additions up to the year 2022. Once established, staff will therefore forecast and budget an appropriate amount of funds for expected completion of these initiatives.

This recommended accessibility item list will be included in the 2016-2022 Accessibility Plan along with completed action items to date.
