Imposition of Development Charges

Development charges are applied to all new residential and non-residential lands, buildings or structure developments within the Town of Aurora at the time of development approval.

The Town enforces these charges through a single bylaw. Bylaw No. 6592-24 that was enacted on March 26, 2024. This bylaw was amended by Bylaw No. 6614-24 on June 25, 2024, and by Bylaw No. 6644-24 on October 22, 2024.

This by-law imposes the necessary development charges to cover the Town’s growth-related capital costs for services including water, fire, wastewater, library, roads, public works and parks & recreation.

Development Charges Payment Timing

Payment of development charges is typically due upon the issuance of the first building permit for each building or structure.

For residential subdivisions, charges for roads, water and wastewater are collected upon entering into a subdivision development agreement. For purpose-built rental or institutional developments, charges are paid in equal annual installments starting from the earlier of the permit authorizing occupation or the date of the building’s first occupancy, continuing for the next five anniversaries of that date.
